

Are you currently experiencing fever, cough, body aches, sore throat, chills, shortness of breath, or difficulty breathing?

Are you between the ages of 45 and 75?

Have you been diagnosed with cardiovascular disease, lung disease, or diabetes?

Have you already tested positive for the COVID-19 virus?

To learn more and to see if you qualify, call **770.426.2639.**

**You may qualify for a Life University pilot clinical study using gentle, low-force chiropractic care.**

Participants could earn up to \$150 for the completion of this four-week study.

**THIS STUDY HAS BEEN APPROVED BY THE IRB AT LIFE UNIVERSITY.  
THIS CLINICAL STUDY WILL NOT TAKE PLACE ON THE LIFE UNIVERSITY CAMPUS.**
